Job Description

Joining our cybersecurity team, you'll focus on supporting compliance management strategies and implementing policies, standards, and procedures aligned with various cybersecurity standards. Collaborate across business and IT teams, manage assessments, maintain risk registers, and promote cybersecurity awareness.

Education & Experience

- Bachelor's degree in Information Systems or Information Security
- 3+ years in IT/Information security risk assessment and governance
- Familiarity with NIST security family and ISO 27001/2
- Experience with relevant certifications and security frameworks

Preferred Skills:

- Knowledge of Navex IRM/Lockpath or other GRC tools
- Familiarity with security awareness tools like KnowBe4
- Strong analytical and problem-solving skills
- Excellent communication skills
