Job Description

Join us as a SailPoint IAM Consultant, where you will provide consultancy services for SailPoint IdentityNow implementation projects. Your responsibilities include assessing clients' IAM needs, designing tailored solutions, and conducting training sessions. We're seeking someone with in-depth IAM consulting experience, excellent communication skills, and a strong understanding of SailPoint technologies.

Responsibilities:
• Provide consultancy services for SailPoint IdentityNow implementation projects.
• Assess clients' IAM needs and design tailored solutions using SailPoint technologies.
• Conduct workshops and training sessions on SailPoint best practices.
• Collaborate with clients to define IAM policies, roles, and access controls.
• Stay updated on SailPoint product releases and industry trends.

Requirements & Experience:
• Master's degree in Cybersecurity, Information Systems, or related field.
• 5+ years of experience in IAM consulting with a focus on SailPoint.
• Strong knowledge of IAM frameworks and industry standards.
• Excellent communication and client-facing skills.
• Ability to lead IAM implementation projects.
• *Must-Have:* SailPoint IdentityNow certification.
• Experience in integrating SailPoint with cloud platforms.
